☐ Needs to be included in HB 2

Fiscal Analysis

ASSUMPTIONS:  
Department of Administration

1. There will be a fiscal impact due to the 2 percent preference for locating state office space in downtown areas. However, the exact impact cannot be determined due to unknown factors such as the number of agencies needing new leased space, the amount of and types of space available in downtown areas at any given time, and the cost of available space in areas outside of central business districts.
